

Janet Madonia Boetticher  
Girl Scout Leader  
Service Unit 447  
Jefferson Township, New Jersey

Dear Rose Morrisroe, MAT:

As a Girl Scout Leader, I thank you for conducting the Rose Morrisroe Child Safety Training for the Girl Scout Leaders. Your personal story was both motivational and inspirational. Learning about child abuse is difficult but you managed to tell your story in a way that left me and all the Girl Scout Leaders feeling empowered and ready to bring about change. Your story is one of triumph.

The training started with your personal story and then you educated us on signs of abuse, statistics, the letter of the law for our State, and prevention education. We were very grateful to the vast supply of resources you suggested and information offered. We learned much and I received positive feedback from the Leaders.

Rose by the end of the Training we all felt empowered and understood the importance of intervening should a child fall within the guidelines of the signs of abuse. Due to your training, we now feel prepared and knowledgeable to assist a child in need. The Rose Morrisroe Child Safety Training should be required for all youth organizations and I will recommend you to many youth organizations.

Thank you for putting children first. Keep up the important work and thank you again for telling your personal story with enthusiastic passion.

Sincerely,

Janet Madonia Boetticher
